

VINTAGE PROPELLERS

6" PROPELLER BLOCK finished use 1/4" seams
The blocks pictured here use all of the Through the Year collection. Use your lightest prints and or solid cream in the A background areas. This will make the propellers stand out!

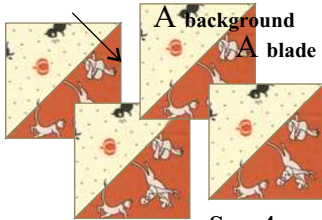

Materials Fat Quarters of Aunt Grace Through the Year Collection and Aunt Grace Solids

Cutting per block

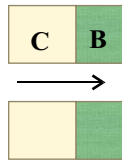

Medium- dark value print, propellor blade A~
Two 3-3/8" squares cut once diagonally (A)
Light value print, background A~
Two 3-3/8" squares cut once diagonally (A)
Solid, Cream~ Four 1-1/2" x 2" (C)
Solid color~ Two 1-1/2" squares (B)
One 1-1/2" x 3-1/2" (D)

BLOCK BASICS

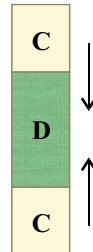

- 1- Sew four half square triangle (HST) units together. Press in the direction indicated by the arrow.
- 2- Sew two C/B units. Press. Sew one C/D/C unit. Press.

Sew 4

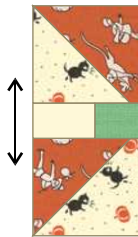

Sew 2

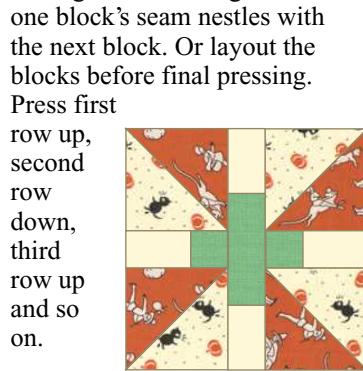

Sew 1

- 3- Sew the HST units and C/B units together. Press.
- 4- Sew the units from step 3 to the C/D/C unit. Press seams open or press seams as you are sewing the blocks together so one block's seam nestles with the next block. Or layout the blocks before final pressing. Press first

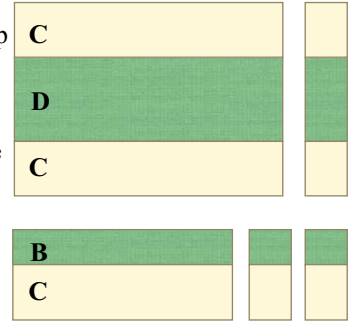

Sew 2

row up, second row down, third row up and so on.

STRIP PIECING SUGGESTION:

The propeller centers can be made using a basic strip piecing technique. The block examples printed around the left side of this page all use a solid color fabric for the center of the propellers and solid cream for the background areas. Make multiples at a time and then mix and match them with the blade half square triangles.

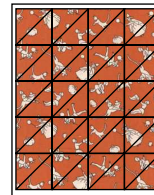

Top Construction: Lay blocks out to identify preferred placement. Sew blocks into rows first. When sewing rows together, press each seam in the opposite direction of the previous seam.

MAXIMIZE THOSE FAT QUARTERS

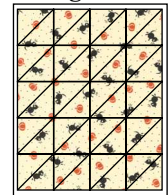

Fat quarters are figured at a cautious 16" x 20" taking into consideration selvages trimmed, pre-washing and so on.

Blade A

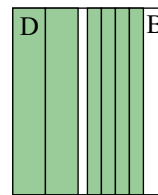

YIELD:
Twenty 3-3/8" squares
Enough for ten blocks

Background A

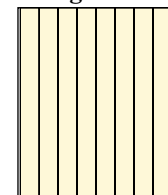

YIELD:
Twenty 3-3/8" squares
Enough for ten blocks

Solid B & D

D Two 3-1/2" x FQL
B Four 1-1/2" x FQL

Background C

Cut eight (per fat quarter) 2" x FQL
enough for 26 blocks

FQL = (length of fat quarter approx. 20-22")

Building a Scrap Quilt~ quilts without borders

TABLE RUNNER 18-1/2" x 60-1/2" finished
3 x 10 = 30 blocks

BABY 42-1/2" x 54-1/2" finished
7 x 9 = 63 blocks

TWIN 66-1/2" x 90-1/2" finished
11 x 15 = 165 blocks

FULL 78-1/2" x 90-1/2" finished
13 x 15 = 195 blocks

QUEEN 84-1/2" x 96-1/2" finished
14 x 16 = 224 blocks

KING 102-1/2" x 96-1/2" finished
17 x 16 = 272 blocks
